HAPPY CANADA DAY

The words which follow are from the homilies and prayers of Pope St John Paul II when he visited Canada in September 1984. They are timeless in how they encourage us and challenge us as Christians in Canada to serve the true needs of all Canadians and people around the world in our love of Jesus.

We give thanks for all the richness of creation - in particular for the richness that has been shared in by the succeeding generations in Canada. Both by the generations that lived here in the past, according to the principles of their original culture, and also by the generations that have come here from beyond the sea, gradually building up the structures of a new civilization and Canadian culture. We give thanks to the Lord for the opportunities that countless families have found here over the years, and for the freedom and hope they have enjoyed."

"In God's plan you were not meant to inherit a broken world. It is the responsibility of all of us to change the dangerous course of events in which human beings have embarked.

In solidarity with your brothers and sisters of different nations and races and cultures, it is possible for you to change the world and to shape a better future for all - a future in which persons are more important than profits, in which the world's resources are justly shared, and in which peaceful negotiations replace the threats of war.

But in order to do this you need God's help. And God's help comes to you through prayer. Your union with Christ will be the secret of your effectiveness, and it is strengthened by your prayer, your conversation with God, the lifting up of your heart to Him.

The celebrations of Canada Day remind us that we have to have a healthy love of country. We are all members of this wonderful community that is Canada. There are many things in this country that make it a great nation and we should be thankful for them. However, there are things that remain great injustices. We remember to be thankful to God for the many things that make us a great nation, but we also need to work and pray to correct the injustices that remain: always keeping in mind the most vulnerable and those who are on the peripheries.

Happy Canada day from the priests and staff of the Cathedral!
